Double Sided Desk

90° Workstation

Features

Smart Cable Management & Power Integration:
Adjustable tray supports integrated or segregated cable management, with punch-outs and plate options compatible with CMS, Elsafe, and other providers for tidy, flexible power integration.

Smart Intuitive Controls:
A 3-point memory control with LCD readout allows customised height settings, anti-collision sensitivity, and programmed limits for ergonomic precision at the touch of a button.

Flexible Workspace Solutions:
Available in single, back-to-back, and return layouts, the ergonomic design adapts to individual, collaborative, or executive setups, supporting comfort and productivity.

Certified Quality & Sustainability:
AFRDI and Global Greentag certifications guarantee robust build quality and eco-friendly practices.

Additional Features:
Worktop corners has an option to be rounded. View detailed shots for reference.

German Engineering & Design:
Precision-crafted with superior German technology for enhanced durability and aesthetics.

Quality Control:
Each leg is test-cycled three times before packing, ensuring strength, reliability, and consistent quality in every unit.

Frame Operation:
<46dB sound rating and 38mm/s adjustment speed.

Certification:
AFRDI & Green Tag Certified.

Sprint Podium

Seamless Adjustability, Ultimate Flexibility.

Whether you're leading a presentation or tackling daily tasks the Sprint Podium is your versatile ergonomic solution, ideal for modern, dynamic workspaces.

Designed with mobility, flexibility and stability in mind, the podium features a compact, nesting frame for easy storage, a height control handle, rotating desktop with a secure locking system which enables quick repositioning, and an integrated cup and pen holder for convenience.

Available in a sleek white design, the Sprint Podium supports up to 60kg and is the perfect blend of practicality and contemporary style.

Features

Height Control Handle:
Easily adjust the podium height by pressing the handle upward. The desktop rises when you press the handle and can be lowered by pressing the handle while gently pressing the desktop downward.

Desktop Rotation Handle:
The handle also allows for smooth desktop rotation, providing flexibility in positioning. To rotate, press the handle upward and adjust the angle as needed.

Static Bearing Capacity:
Supports a maximum weight of 60 kg, ensuring stability and durability for various tasks and equipment.

Cup and Pen Holder:
Integrated holder for cups and pens, offering convenient storage to keep essentials within reach while working.

Locking Mechanism:
Equipped with a secure locking system on the wheels to keep the desk stationary when in use.

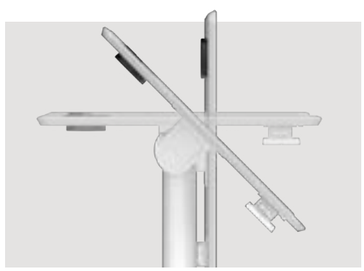

Nesting:
Its compact, nesting design allows for easy storage and mobility, with 60mm casters ensuring smooth movement.

Casters:
60mm heavy-duty easy-roll casters for smooth mobility.

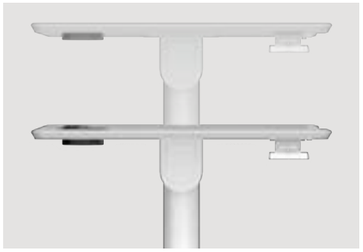

Warranty:
Backed by a 10 Year Warranty.

Fixed Height

Simple. Sturdy. Smart.

Unlike traditional desks, fixed-height tables offer maximum surface area without sacrificing valuable floor space, making them ideal for dynamic, modern work environments. Whether you're creating a focused workstation or a flexible team zone, fixed-height desks bring functionality and style to any setting.

Designed for versatility and built to last, our Fixed Height Desks combine sleek aesthetics with solid construction. Available in a wide range of sizes and shapes, they're a practical solution for offices, collaborative spaces, meeting rooms, and more.

Anvil

The Corporate Chameleon.

From the distinctly triangular frame profile to the 25mm E1 grade melamine worktop, the Anvil is just as much a statement piece as it is a functional piece of office furniture. Strong, stable and versatile; each Anvil desk also features a fixed height of 715mm, cable port with cover and a 30mm height adjustment in each foot.

As a modular, multi-configuration desk, the Anvil is available in a virtually unlimited number of arrangements from straight, double sided and pod configurations to complex, hybrid setups. With countless design options, the only limit to the Anvil's functionality is your imagination.

Screen & Upgrades

Create Quiet, Focused Spaces with Style.

Innovative Screen Solutions for Modern Workspaces.

In today's fast-paced, open-plan work environments, creating personal zones, reducing noise, and enhancing visual privacy are essential for employee well-being and productivity. Total Fitouts' versatile screen solutions combine acoustic performance, smart design, and easy installation to helpyou shape workspaces that support both collaboration and focus.

Whether you're seeking minimalism, flexibility, or acoustic control, our modular screen systems—AcoustiQ Clamp On or Desk Hung, Edge25, Radius18, and Studio50—offer a perfect balance of functionality, aesthetics, and adaptability.

Screen Selection

Product Range

AcoustIQ Screens

Available in 10mm/20mm/30mm.

Features

In contemporary workspaces, acoustics directly impact productivity, comfort, and overall well-being. Excessive noise and poor acoustic management disrupt concentration, increase stress, and significantly reduce efficiency. Total Fitouts uniquely integrates high-quality commercial furniture solutions with advanced acoustic technologies. At Total Fitouts, acoustics are more than noise control—they represent intelligent design, seamlessly combining aesthetics, performance, and innovation to enhance workspace harmony and productivity.

Screen Construction:
Lightweight, industrial strength and pinnable core. Has a density of 2000gm/sqm. Material 100% PET (60% Recycled)

Specific Features:
Formaldehyde free, compatible with TextileSafe and anti-microbial treatment:
- Impact resistant
- Humidity and moisture resistant

Certification & Testing:
Fire Test: BS EN 13501.1. Classification: B-S1, D0. Sound Absorption: ASTM C-423 and ISO 11654. VOC Emissions: ASTM D5116. Less than 0.02mg/ sqm/hr

Edge25 Screens

25mm Thickness

Features

Edge25 Screens: Minimalist design meets modern workspaces. Sleek, lightweight (70% lighter than traditional screens), and sustainably made (50% fewer components), Edge25 offers seamless integration. Choose from 10 colors in durable Edge25 fabric or 60 luxurious Sunday fabric options.

Screen Construction:
Rigid, lightweight and fully pinnable. Powder coated aluminium frame finished in white or black, Minimalist aluminum frame accent and Made to Order (Custom sizing available). Easy to Install.

Specific Features:
Express range offers 10 x colour combinations with choice of fabric and frame. Sleek, slimline aluminum connectors.

Upholstery:
Entry level pricing based on Modern Category 1 Edge fabric (5 colours available), with 55k Martindale rub test. Upgrade to a Category 2 Sunday/ Breathe/Splice fabric. Custom fabric POA.

Studio50 Screens

50mm Thickness.

Features

Studio50 also delivers the focus and flexibility needed for a great environment. Today's workload can be immersive and focus-driven or requiring social interaction. Plan your layout to inspire collective and individual performance. With a combination of focus desking, breakout, retreat and meeting zones Studio50 can create the community framework to allow talent to thrive.

Screen Construction:
Lightweight, industrial strength and pinnable core. Autolocking-screen joining system, which connects any height screens together.

Specific Features:
Priced with in-house Breathe, Splice and Sunday Fabric ranges. Custom fabric POA. Cut in Australia.

Power & Data:
In-screen, hinged, segregated power & data ducting. Ducting with power data punchouts to suit Elsafe/CMS cables, sockets/GPO's Data bezels.

Radius18 Screens

18mm Thick, frameless screens.

Features

Add focus and privacy with Total Fitouts' Radius18 screen range. Available in a wide range of colours in Splice, Motionfelt and Breathe fabric. Radius18 screens can be used to easily create personal zones within your office environment by producing spaces within spaces. They are great for quickly adding a splash of colour in your office in combination with a sleek and modern look.

Screen Construction:
Solid upholstered core, non-pinnable. 50mm radius to all corners. Made to order and Easy to install.

Specific Features:
Priced with in-house Breathe, Splice and Sunday fabric ranges. Custom fabric POA. Upholstered in Australia.
