Modulus

Strength, Simplicity, & Versatility.

The Modulus Flip Table stands as the industry benchmark for strength, flexibility and versatility. AFRDI certified and battle tested, the Modulus Flip Table feels right at home in training spaces, boardrooms or high-traffic office areas.

Equipped with polished alloy or all-black feet, 70mm heavy-duty castors for easy transport and an intuitive flip mechanism, the Modulus Flip can easily be nested and packed away when not in use. Engineered for safety, solid locking mechanisms prevent the table from accidentally falling back to the horizontal.

With a range of table options, you can combine the Modulus with your choice of worktops.

Modulus Flip Tables

Modulus Flip Table Frame

Features

Frame Mechanism:
Strong pull-bar flip mechanism with anti-tip safety stay locking system for locking when flipped vertical. Easy one handed release.

Free Table Links:
Two pairs of table links included with every frame to connect multiple tables for creating larger configurations.

Frame Mobility:
Swivelling 70mm heavy-duty castors, two of which are lockable.

Table End-Leg Finish:
White or black powder-coated finish on posts, rails, and pull bars.

Frame Material:
Steel leg columns with polished alloy feet.

Nesting Capability:
Stacking function and swivel castors help for easy transport and storage.

Stability & Safety:
Built with a focus on stability in both flipped and in-use positions.

Modesty Panel Compatibility:
Compatible with modesty panels (for L1500-2200mm).

Certifications:
AFRDI Level 3 - Severe Commercial Use (tested with 1500x750mm top)

Uni

Versatile, mobile and quick-setup table.

The Uni Flip Table is a versatile and modern solution designed to meet the demands of dynamic workspaces and meeting environments. Equipped with swivelling castors, including two lockable ones for stability, this table offers unparalleled mobility. Its standout feature is a strong flip mechanism with safety stay-upright locks, ensuring both ease of use and safety.

Beyond functionality, the Uni Flip Table is designed with an eye for aesthetics and practicality, featuring black 70mm castors for smooth movement, and a one-piece welded foot for enhanced stability. Available in multiple colourway finishes, it fits seamlessly into any office aesthetic.

This table is the perfect choice for offices that value style, functionality and the ability to quickly reconfigure spaces to suit changing needs.

Modulus

Frames

Strength, Structure, and Flexibility.

Engineered for strength, flexibility, and refined aesthetics the Modulus Frame is a versatile steel leg column system designed to support modern, flexible workspaces. Built around a modular frame structure, it allows tables to be configured in single, double, or triple spans and extended to virtually any length using end and middle leg components, making it ideal for evolving office environments.

Polished or black alloy feet and worktop supports offer a choice of aesthetic, while fixed or welded feet provide stability, and optional heavy-duty swivelling castors add mobility where required. Set at a standard 720mm worktop height, Modulus Frame delivers a practical, robust, and visually clean solution that works seamlessly across collaborative, task, and boardroom spaces.

Features

Construction:
Steel leg columns with a choice of fixed single, mobile or collar leg twin post with polished alloy feet.

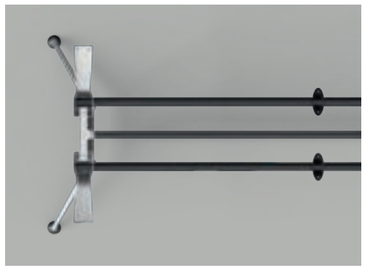

Table Frame System:
Comes with modular end and middle legs, so tables can be made into infinite lengths. Single, Double and Triple Span configurations available.

Table Leg Finish:
Polished alloy feet and worktop supports, or Black alloy feet and worktop supports (formally known as Modulus All Black). Black powder-coated finish on posts/rails.

Worktop Material:
Choose from Standard or Premium Laminex finishes.

Levelling Glides:

Sora

Stylish and Contemporary.

Crafted for resimercial environments, Sora coffee tables offer a refined balance of comfort and contemporary design. The round-top table introduces warmth and simplicity, while the nested marble-effect set provides functional flexibility with a clean, modern aesthetic.

Both options feature robust metal bases and thoughtfully considered finishes, supporting adaptable workspace layouts without compromising on visual clarity or sophistication.
